Camp Grayling Burglars Nabbed By Crawford Co. Sheriff Deputies

A 31-year-old Warren man and a 28-year-old St. Clair Shores man were arrested by Crawford County Sheriff deputies Monday morning in connection with a breaking and entering at the Camp Grayling Dispensary.

At 1:55 a.m. Monday, a night security guard at the Camp reported a suspicious vehicle near the dispensary and discovered a breaking and entering in the building. Minutes after the guard called the sheriff department, deputies spotted the vehicle in the City of Grayling and arrested the men in connection with the B & E.

An inventory is being taken at the dispensary to determine if anything was taken. Police said the security guard may have frightened the thieves off before anything was taken.

Silent Auction Nets \$300 for Libraries

A silent auction held at the Grayling Mini-Mall Saturday netted about \$300 from the sale of 36 items. More than 400 bids were recorded with the highest bid of \$50 made for a radio. As many as 30 persons bid on one item and a crowd was waiting at 5 p.m. when the bids were announced.

The money raised will be used by Committee Hoping for Interim Library Dollars to help hire qualified persons to work in the library during the current budget problems. This is the third year for the silent auction. The first year, money was donated to the Crawford County Ambulance fund drive, and the second year, money was donated to fight Reye's Syndrome.

Items for auction were donated this year by Mae's Drugs, River Valley Foodland, Goodale's Bakery, David's Hallmark, Davis Jewelry, Cook's Cottage, Weaver's Gifts, P.J.'s Rereadables, Village Shop, Levi Shop, A & P, Ben Franklin downtown store and Ben Franklin Family Center, plus area craftsmen.

Douglas Park Clear ed; Construction Next Spring

Stumps have been pulled and land leveled at Douglas Park in Lovells but new shuffleboard courts and a picnic area probably won't be built until next spring. Township officials say it is getting late in the year for the construction.

Tennis courts are also planned for the park next year if the third part of a federal grant is approved. The township is applying for a \$20,000 grant. About \$23,000 has already been given to the township through two 50-50 matching grants for park improvements.

In other Lovells Township news, approximately 50 persons attended a Concerned Citizens of Crawford County meeting about education at the township hall last Wednesday. Another C.C.C.C. meeting was held at the township hall Tuesday, October 20.

Republican Fund-Raiser Nov. 3

Exactly one year after Ronald Reagan was elected President, the Crawford County Republican Committee is holding a fund-raising movie at the Rialto theatre in Grayling.

A full length comedy called Scavenger Hunt, rated PG, will be shown Tuesday, November 3, at 7 p.m. Tickets are 50 cents for children chaperoned, \$1.50 for children unchaperoned, and \$2.50 for adults. Tickets are available at the Mercantile, Weaver's Gifts, Olson's Shoes, Rialto, and members of the C.C.R.C.

STRAIGHT SHOOTER—Jay Dannenberg, 12, of Grayling, shot a 140-pound doe his first season bow-hunting. Dannenberg, a member of the Grayling Archery Club, shot the deer in the spine from a tree blind and then killed it with a shot through the neck. He has brought home awards for his archery shooting the last two years in the cadet division.

New Services Offered

\$8 Million Hospital Project Nearly Finished

By Jon Thompson

In 1912, Grayling Mercy Hospital had 17 beds, a horse-drawn ambulance, a flour barrel for an ice box, and two hard-working nuns.

With an \$8 million expansion-renovation project almost complete, the hospital now offers 130 beds, modern facilities including brain-scanning, ultra-sound, and nuclear medicine equipment, and 34 doctors on staff. Additionally, the hospital - now valued at about \$13 million - is the largest employer in Crawford County with more than 340 full and part-time workers.

The \$8 million project - completed except for a few minor corrections to be made by the architect and electricians - gives the hospital these new or improved services:

- Surgery. A new operating room, recovery room, and other additions have attracted two new orthopedic surgeons to the Mercy Hospital staff. Together, it is estimated the new facilities and doctors can accommodate 75 percent of the orthopedic (bone) surgery which was previously transferred to Traverse City and other hospitals.

Chamber To Host DNR Meeting

The possible closing of the state forest campgrounds for 1982 and reduced snowmobile trail maintenance for this winter will be the main topics of discussion at this Wednesday night meeting between Chamber of Commerce members and Mr. Weldon Montgomery from the Lansing office of the Department of Natural Resources.

The meeting was arranged as a result of statements made by O.J. Scherschligt, Deputy Director of the DNR, at a recent meeting held in Grayling. At that meeting Mr. Scherschligt (sure-slick) stated that recent cuts in the forestry division's budget would necessitate the closing of all state forest campgrounds and a reduction in the snowmobile trail maintenance program from \$1.2 million to under \$200,000 for 1981-82.

The purpose of the 7:30 p.m. meeting will be to discuss the alternatives available and ways to possibly use local support to maintain services. The meeting will be held in the Grayling City Council Chambers in the City Hall and is open to anyone who is interested. For more information contact the Grayling Regional Chamber of Commerce at 348-2912.

than 13,000 persons go through the emergency entrance doors of Mercy Hospital every year and by 1985 that number is expected to increase to 16,000. The new emergency room has a loading dock that can handle three ambulances at one time compared to one at the old facility. The new entrance is also sheltered from the wind and rain or snow and an emergency shower is located outside for acid burn victims.

Inside, the new emergency room holds eight beds and has a waiting room for 30 persons. The old room held

five beds and had five chairs in a small waiting room. The new facilities also offer a new cast room, a private examining room, and an express elevator directly to the surgery suite.

- Critical Care. A new critical care unit holds six beds and has a sophisticated monitoring system. A special family waiting room has also been added.

- Obstetrics. A second labor room and a second delivery room have been added. Additionally, four more doctors have been added to give Mercy Hospital a total

Time Change is Time For Driver Care

The number of 5- to 14-year-old bicyclists and pedestrians killed in traffic during darkness has dropped 9 percent so far this year compared with 1980, and state drivers can help continue that trend following the switch to Eastern Standard Time at 2 a.m. Sunday (Oct. 25), according to the Automobile Club of Michigan.

"Through Oct. 5, 21 youngsters aged 5 to 14 were killed by cars during dusk or darkness, compared with 23 for the same period in 1980," stated Robert Cullen, Auto Club Safety and Traffic Engineering manager.

Since darkness arrives one hour sooner beginning Oct. 25, Cullen urges late-afternoon drivers to observe the following rules:

- Watch for signs of youths at play, including dogs and parked bicycles, and be extra alert near playgrounds.

- Keep a safe distance between vehicles and reduce speeds at dusk.

- Do not look directly into oncoming headlights. Focus on the center of the traffic lane, keeping oncoming lights in peripheral vision.

- Keep windows clean and headlights and taillights working to ensure maximum visibility.

"Parents should be sure children are dressed in bright clothing and have reflective tape on jackets, lunch boxes and bicycles to insure they can be seen," Cullen suggested.

Youngsters are reminded to use sidewalks when available or walk on the shoulder facing traffic. Bicyclists should ride with the traffic flow on the edge of the road and be sure reflectors and lights are working properly.

Deer Accidents, B & E's Continue Upswing

After 11 car-deer accidents in the county last week, the Crawford County Sheriff Department is issuing a warning to all motorists to drive slower and keep a careful lookout in deer crossing areas.

Ronald Blasdel, 43, of Flint, found out the hard way about the abundant deer herd this year in northern Michigan. Traveling north of Military Road near Fletcher Road last Saturday, his 1979 pick-up truck ran into two deer at once. The vehicle was severely damaged but no

serious injuries were reported by Blasdel.

A Gaylord man, 25 years old, was injured when he tried to avoid a deer while traveling in his vehicle on M-72 West near Howes Lake Road. The vehicle rolled over but the man was thrown clear. He was taken to Mer-

Warning

Weapons firing will be conducted at Camp Grayling during the period 20-25 Oct. 81.

Firing will be going on in the following range area:

The Range 40 Complex located north of County Rd 612, east of Guthrie Lake, south of Old State Rd 618 and west of County Rd F97.

The area will be closed to the public during the period 20-25 Oct 81 and all persons are warned to stay out of the area identified.

\$8 MILLION HOSPITAL PROJECT—The \$8 million expansion-renovation project at Mercy Hospital is nearly complete. A new wing was added and parts of the older buildings were renovated. Half a million dollars for the project was raised through local contributions.

VIKING ROYALTY—The King and Queen for the 1981 Grayling High School Homecoming will be chosen from (back row, left to right) Tracy Fagan, Dan Lucksted, Jerry Norman, Thane Doremire, (front row) Pam McClain, Jill Behlke, Jody Yoder, and Mika Fijolek (not pictured). A homecoming parade with floats will start at 5 p.m. from the Grayling Middle School on Friday. Later that night, the Vikings take on Charlevoix and at halftime the King and Queen will be crowned.

Mutual Fire Coverage Will Aid South Branch, Higgins Twps.

By Jon Thompson

Eight square miles in South Branch Township and Higgins Township, of Roscommon County, will receive double fire coverage under a mutual aid agreement being considered by the two township fire depart-

ments.

Not only will the four square miles in South Branch and the four square miles in Higgins receive double coverage, they should also receive quicker responses to fire calls. The four square miles located in South Branch

and Higgins Township are closer to the Higgins Township Fire Department station. Likewise, the four square miles in Higgins Township are closer to the South Branch Township Fire Hall.

"Higgins Township is right across the street from our fire hall," assistant fire chief for South Branch Township Jack Shepard said. "With the mutual aid agreement, we'll get the first call for fires in the four-square area of Higgins closer to us and they'll get the first call for fires in the four-mile square area of South Branch closer to them."

Shepard said both fire departments will be called to fires in the areas but the department called first may be able to save the other department a trip on small fires or false alarms.

The area in South Branch that will receive double coverage if the proposed agreement is accepted by both departments is Section 18, 19, 30, and 31 along Stephan and Steckert Bridge Road. Sections 1, 2, 3, and 11 in Higgins Township along M-18 will also be receiving the double coverage under the plan.

South Branch Township officials are in favor of the plan and it will be presented

Crawford's United Way Enters Final Period

Having extended their first fund drive for an additional two weeks, the newly formed Crawford County United Way enters the final ten days of the campaign. According to President Cheryl Hall the drive is going well and there has been much community interest. To date no figures have been released, but Mrs. Hall says response has been better than anticipated during the first year.

The decision was made last week to extend the drive due to some problems in contacting the necessary businesses or individuals that make or break a United Way campaign. "We had several important campaign workers who had unavoidable commitments or were on vacation during the first part of the drive. So the decision was made by the board of directors to extend it for an additional two

weeks," said Mrs. Hall.

The Crawford County United Way will supply funding to most local agencies and many national agencies that provide services to the county's residents. Anyone interested in contributing or helping in some other manner, is asked to contact Mrs. Cheryl Hall at 348-9692. Or you may send your tax deductible contribution to Crawford County United Way, P.O. Box 406, Grayling, Mi. 49738.

For American Red Cross

This week we want to tell you about Red Cross Blood Services in our campaign to convince you that American Red Cross deserves your financial support!

Everybody knows that American Red Cross collects blood from individual Donors and by some method makes it available to Hospitals and Medical Clinics to persons who need it.

Very few people, however, know how American Red Cross became involved in Blood Services, and it is a rather fascinating story.

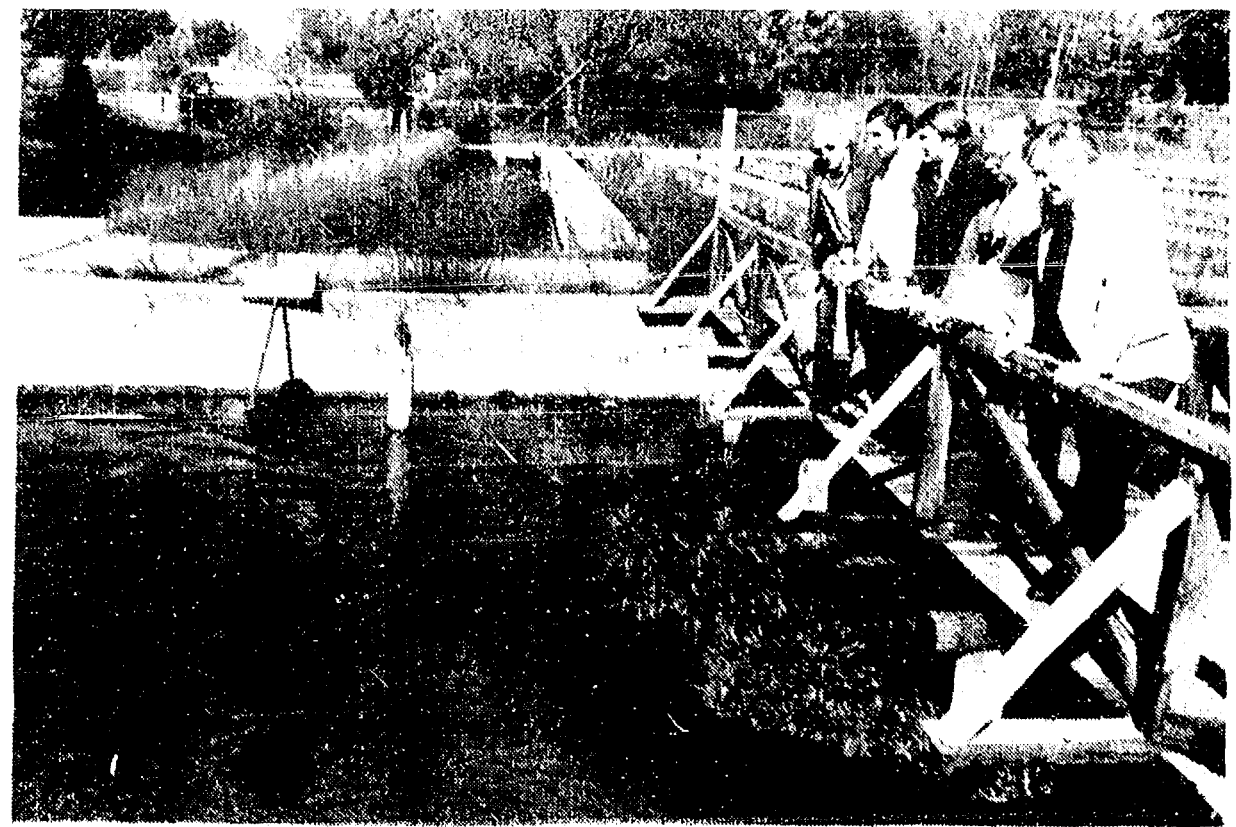

The first World War brought an awful realization to the Medical World of the need for a way to draw, store, process and redistribute human blood to save the lives of wounded soldiers, and, in peace time, the lives of accident victims and other persons needing surgical procedures which required replacement of many units of blood in a comparatively brief time.

Because of its mandated responsibility to relieve human suffering, in the late 1920s the American Red Cross began research, in cooperation with other Scientific and Medical Research institutions

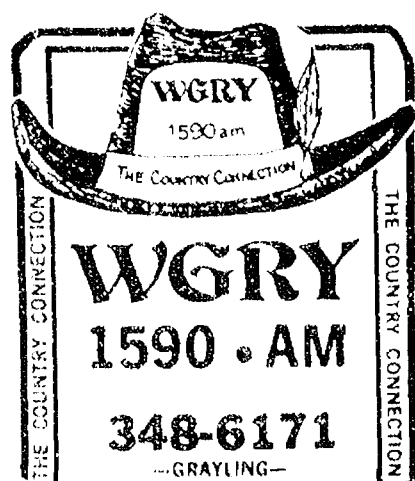

in an intensive program develop a practical method for drawing blood from individuals, storing it, and redistributing it to Hospitals for use in patients.

The problems were complex: First there were 8 known types of blood, A, A-, B, B-, O, AB+ and AB-. The frequency of types varied from the fairly common A and O types (40% plus of each type by the individuals) to the very rare AB- (less than 1% of the population).

An average Donor has 12 pints of blood, but it was safe to give only 1 pint at a time

PLANNING FOR 1982 START? Two park and recreation specialists from Michigan State University, Ted Haskell and Lou Torbik, joined Duanne Swift, Vid Roe, and Roy Spangler in touring the Grayling Fish Hatchery. The two professors from MSU will be helping the Grayling Fish Hatchery Preservation Committee develop plans to turn the abandoned hatchery into a self-supporting tourist site. The committee hopes to obtain a use-permit from the DNR next spring and begin cleaning the raceways. (Jon Thompson Photo)

Petitions Ask for Another Millage Vote

A group named New Alliance for Education is circulating petitions requesting a special election to vote on a 5.5 mills proposal for Crawford AuSable Schools. The group is asking for the extra millage to help education for the remainder of the current school year.

The group is shooting for 1,000 signatures to show a good indication of support. The Crawford AuSable School Board has said that it felt it would not be right to have another election unless there is a large amount of support for it in the community.

Roscommon State Bank to Merge

Roscommon...NBD Bancorp and Roscommon State Bank have announced approval of their affiliation by the Federal Reserve Board. The announcement was made by Joseph G. Conway, Vice-Chairman and General Manager of NBD Bancorp, and B.E. Jenner, President of Roscommon State Bank.

The proposal is subject to approval by the shareholders of Roscommon State Bank.

The agreement in principle outlining the affiliation was announced in October, 1980. Terms of the agreement call for shareholders of Roscommon State Bank to receive cash and/or five-year installment notes in the amount of \$110 for each of the 90,000 shares outstanding.

NBD Bancorp is Michigan's largest bank holding company, with assets at September 30, 1981, of \$12.1 billion dollars. It is the parent company of National Bank of Detroit and thirteen other banks in key Michigan markets, as well as mortgage, finance and insurance subsidiaries.

The Roscommon State Bank has eight offices in Roscommon and Oscoda counties. The bank listed deposits of \$105.1 million dollars and total assets of \$114.7 million dollars at September 30, 1981.

cy Hospital by the Crawford County Ambulance Corps after the accident which occurred at 2:45 Friday morning.

His name is being withheld pending arraignment in 83rd District Court for charges of driving under the influence of liquor.

A vehicle driven by Terry Hagadorn, 30, of Johannesburg, also rolled over after he lost control on a curve on County Road 612 near Shupac Lake Road. Wet roads were reported as the cause of the accident which occurred Sunday morning at 2:30 a.m. Hagadorn was taken to Osego Memorial Hospital in a private vehicle.

Seven breaking and enterings were reported in the county last week. A fuel oil tank containing about 170 gallons of fuel oil was reported stolen from Joseph Rozanski from his residence on White Road in Maple Forest.

A small television and clock were reported stolen from a cabin located near County Road 612 west of Frederic along the AuSable River Entry was made through a window and the cabin was ransacked.

Little Richards Bar on M-18 reported a breaking and entering Friday morning about 2 a.m. Beer and liquor were reported missing.

Sheriff department deputies assisted by Grayling City Police apprehended a 16-year-old Grayling boy Sunday morning about 2:42 a.m. in connection with a felonious assault charge. The youth allegedly entered a party in Grayling Township, got into an argument with several persons, and pulled a handgun out. He was turned over to juvenile authorities.

The Crawford County Sheriff Dept. is also issuing a warning about ice on overpasses. Motorists are advised to proceed with caution while going over overpasses at this time of year due to the forming of ice there when other parts of the roads may remain clear.

to the Higgins Township board at their next regular meeting in November.

"All we're aiming for is better protection for people living in both areas," Shepard said.

In other South Branch Township news, action on a petition from 20 residents requesting a special election to ask for one mill for three years to hire a full-time police officer for the township will have to wait until at least May. Township officials found out the special election could not be held soon enough this year to put the extra mill on this year's taxes if the proposal passed. Law requires 45 days between the filing date for an election and election day. An election this year would come too late to put the millage on tax bills mailed in December.

Bits O'Talk

By Fay Bovee

To celebrate the first birthday on October 11 of Erin Elizabeth Welsh, daughter of Mr. and Mrs. Tom Welsh of Bridgeport, the families held a party at their home on Sunday, October 12. Going to Bridgeport for the occasion were Mr. and Mrs. Tom Welsh, Mr. and Mrs. LeRoy Akers and Larry Akers of Grayling, Frank and Joanne Doty, Jennifer and Blair of Traverse City, and Mr. and Mrs. Warren Reed of Millington and great grandmother, Mrs. Leah DuBois. Mrs. DuBois had visited the Reeds and returned to Grayling with the Tom Welshes.

Mr. and Mrs. Jim Matney of Merlin, Oregon, were overnight guests last week of the Robert Bovees. They were enroute to New York to visit Richie and Billie Smith and to attend the bi-centennial festivities in Yorktowne, Virginia.

of nine doctors to deliver babies.

• Radiology. New ultrasound, x-ray, and nuclear medicine facilities have been added. The radiology department now has four radiographic rooms and can accommodate many patients who previously had to travel to Saginaw and Traverse City for treatment.

• Laboratory. Laboratory and pharmaceutical employees, working in crowded basement rooms before, now have ample space and modern equipment to provide advanced and improved service.

• Extended Care. Besides adding 22 beds to the hospital's extended care facility, the new wing allows easy access to treatment rooms for extended care patients. Before, extended care patients had to make a roundabout trip through the basement to reach treatment rooms in the main building.

• Electrocardiography. New electrocardiographic equipment gives Mercy staff the capabilities to service patients that previously had to drive to Petoskey, Saginaw, and Traverse City for many tests.

• Support Services. Improved housekeeping, laundry, maintenance, kitchen, and administrative facilities along with a new medical records room and a new cafeteria will help Mercy Hospital accommodate a growing number of patients. The six-county area Mercy Hospital serves is rapidly growing in population with a 200 percent increase expected in 20 years.

• Increased Staff. The \$8 million project has helped attract eight new doctors to the Grayling Mercy Hospital staff: R.L. Halter, D.O., and J.M. Thiel, D.O., both orthopedic surgeons from Gaylord, C.M. Langdon, M.D., and W.E. George, M.D., both internal medicine specialists from Grayling, Janet LaLonde, D.O., and J.L. Lawrence, M.D., both from Houghton Lake, M.C. Smith, M.D., from Roscommon, and L.M. Burke, M.D., of Grayling, who has two years training in internal medicine and is currently engaged in general practice.

Besides new medical services, visitor and employee facilities have been improved. A large lobby has been added, the doctors' lounge has been improved, a coffee room with vending machines and a chapel - open 24 hours a day - have been added.

Patients also will enjoy televisions and telephones in each room, colorful halls and rooms, and 130 paintings - mostly by local artists - hanging throughout the hospital. Some of the paintings were drawn by an artist who also has work hanging in Buckingham Palace. There's also a new gift shop in the hospital staffed by hospital auxiliary members and containing many handmade gifts donated by the auxiliary.

A half million dollars of the \$8 million project was financed through local contributions. The project was started in 1978 and in 1980, before the last of the 218,000 bricks were placed on the outside of the new wing, all of the \$500,000 had been pledged.

TAX FREE

WITH A FIRST SAVINGS ALL SAVERS CERTIFICATE

The new All Savers Certificate is here. It's a one year certificate requiring a minimum investment of just \$500 that pays 70% of the yield of U.S. Treasury bills and lets you earn tax free interest. Here's how it works.

TAX FREE

You can earn up to \$1,000 in interest on a single tax return and \$2,000 on a joint return and pay no income tax on that interest income. This interest income applies to both Federal and State income tax. It is a one time only exclusion. Any interest earned above these amounts is taxable regardless of which year or years you take the exemption or the number of certificates you have.

GUARANTEED RETURN

Unlike money market funds, with an All Savers your rate is guaranteed for the full 12 months of the certificate.

INSURED SAFETY

With an All Savers your funds are insured to \$100,000 by the FSLIC, an agency of the Federal Government. Most money market funds are not insured to protect your investment.

TRANSFER FROM SIX MONTH CERTIFICATES

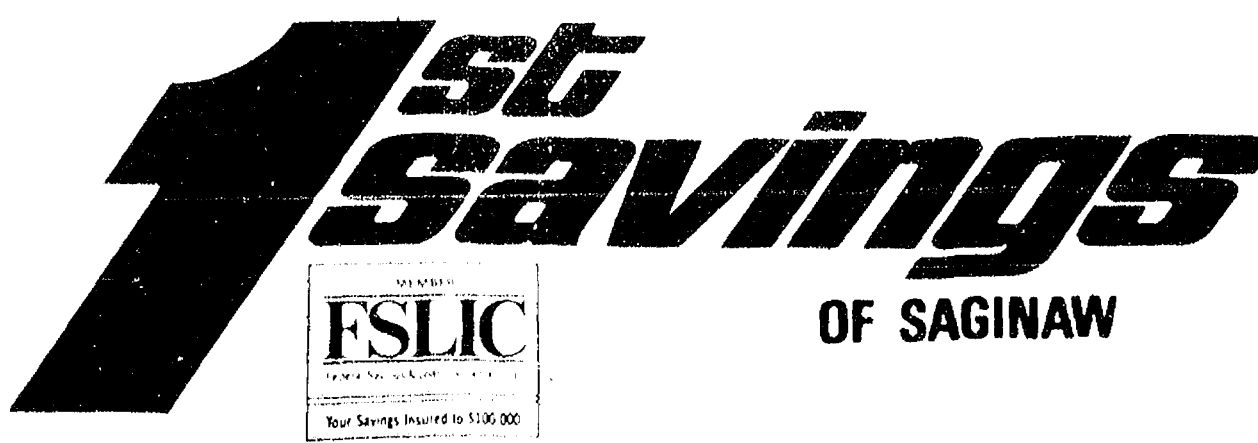

You can transfer your funds from a six month money market certificate to an All Savers with no loss of interest as long as the All Savers rate is no higher than your six month money market rate.

EARLY WITHDRAWAL

There are penalties for early withdrawal from an All Savers Certificate: 90 days loss of interest plus loss of the tax exemption on all the interest earned even if only a portion of the certificate is withdrawn.

From Our Corner ...

We expected some flack from last week's endeavor concerning Leif Erikson but, all we heard from was one person who came in and told us we should know the facts before we run off with our words...Randy Thompson, he's part Nordic, brought in a Federal Register, that contains a resolution by President Reagan proclaiming a day for Leif Erikson...thanks Randy for bringing this to our attention...

Being Nordic, we have to give a "Tip of the Hat" to President Ron...all we can say it is about time recognition was given, and we feel it is appropriate that the President proclaimed October 6th Leif Erikson Day...seeing as how Leif beat Chris to America...that gives Leif a six day lead on Columbus in recognition on the calendar also...

For posterity we will reprint the proclamation that appeared in the October 8th 1981 issue of the Federal Register...

Proclamation 4871 of October 6, 1981

Leif Erikson Day, 1981

By the President of the United States of America
A Proclamation

Nordic stories passed through the ages tell us of the Viking Leif Erikson and his explorations across the North Atlantic. One of the most daring of the great Norse adventurers, he may have been the first European to discover our continent. Scandinavian tales tell us of a cargo of timber and wild grapes he brought from North America to his home in Greenland more than four centuries before Columbus.

Above all, Leif Erikson was an explorer, and he has come to symbolize mankind's efforts to push back his frontiers, master the elements, and conquer his fear of the unknown.

In honoring him, and in honoring the Nordic people whose achievements have continuously enriched the Western world, we also honor the act of discovery.

As a mark of respect to the courage of Leif Erikson and his Viking followers, the Congress of the United States, by joint resolution approved September 2, 1964 (78 Stat. 849, 36 U.S.C. 169c), authorized the President to proclaim October 9 in each year as Leif Erikson Day.

NOW, THEREFORE, I, RONALD REAGAN, President of the United States of America, do hereby designate Friday, October 9, 1981, as Leif Erikson Day, and I direct the appropriate Government officials to display the flag of the United States on all Government buildings that day.

I also invite the people of the United States to honor the memory of Leif Erikson on that day by holding appropriate exercises and ceremonies in suitable places throughout the land.

IN WITNESS WHEREOF, I have hereunto set my hand this 6th day of October, in the year of our Lord nineteen hundred and eighty-one, and of the Independence of the United States of America the two hundred and sixth.

Ronald Reagan

It is beginning to look bleak for all of us to enjoy any sort of fall...this past Sunday afternoon, October 18th we watched the first snow flurries during a damp dreary day...we hate to think it but, it is a long way until spring...

By the way, how did all of you hearty Graylingites appreciate what you saw Monday morning after crawling out of that nice warm bed?

An idle thought...in conjunction with the proclamation above...seems odd that it had to take the 40th President of the United States to finally decide that Leif Erikson needed recognition of being the first to arrive in the America's...one would think that the Father of our Country, Honest George Washington and first president would have taken care of that matter, then Chris would have taken the back seat...

This is enough stuffin' for this turkey this week...head'n for the wagon shed...goodnight T.J., Stef and Amber, and to all our readers...have a nice weekend...

The Bible Speaks

From Calvary Baptist Church

Every Natural
Human Being Is A
Condemned Sinner
Romans 3:19-23

From Romans 1:18 through Romans 3:23 we have been studying how every single individual, from the pagan to the religious leader, is a sinner before God. Listen to the summary evaluation: "For the wrath of God is revealed from heaven against all ungodliness and unrighteousness of men, who hold the truth in unrighteousness. For all have sinned, and come short of the glory of God." Romans 1:18, 3:23.

Obedying God's laws in the Bible cannot save us!! These laws of God are given to reveal to us our sin. These laws of God prove our sin and guilt and stop our boasting. "Now we know that what things soever the law saith, it saith to them who are under the law: that every mouth may be stopped, and all the world may become guilty before God." Romans 3:19.

While obeying God's laws in the Bible cannot make us just before God, it can teach us how sinful we are. "Therefore by the deeds of the law there shall no flesh be justified in his sight: for by the law is the knowledge of sin." Obedience to God's law leaves all men as mute, helpless, hopeless sinners in the hands of an angry God.

It is great to know God did not leave us all condemned without any hope of righteousness. In fact, God has offered us righteousness which comes to us apart from obedience to His Law, the Bible. It comes to us through faith in the finished work of our Lord Jesus Christ alone. "But now the righteousness of God without the law is manifested, being witnessed by the law and the prophets; Even the righteousness of God which is by faith of Jesus Christ unto all and upon all them that believe: for there is no difference." Romans 3:21, 22.

My friend, unless you know you are lost, you cannot be saved. Only a fool could read Romans 1:18-3:23 and claim salvation by

human goodness. Believe the concluding summary of Romans 3:23: "For all have sinned, and come short of the glory of God." Our Lord Jesus Christ is the only person who has walked this earth as a man, and did not come short of the glory of God. My friend, to get to Heaven without Jesus Christ-you must be equal to Jesus Christ in your righteousness. Trust Jesus Christ today! (adv.)

Poor Shooting Kills Viking Upset Bid

The Viking girls' quick, aggressive defense gave the undefeated St. Ignace Saints all they could handle last Thursday but poor shooting again did the green and white team in.

While the Vikings held the tough Saints to 11 points in the first quarter and 29 at half, they only scored 5 in the first quarter and 13 by half.

"We played good defense," said Marilee Cheney, head coach, "But once again our shooting killed us. We shot 9 out of 32 from the floor for 17 percent."

The Saints wound up ahead 55-35 by the final buzzer. Dianne Lee led the Vikings with 9 points, Shelly Trenary had 7, Jean Stevens, 6, and Jenny Riker 6.

Against Charlevoix earlier in the week, the Vikings dropped another one 54-36.

"We took good shots and ran the offense well but 22

turnovers hurt us," Cheney said.

The Vikings were behind by 8 with four minutes to go in the third period when Charlevoix beat the Vikings press a couple of times and stopped the Vikings' momentum.

Dianne Lee again led the Vikings with 10 points and 3 steals. Riker had 9 points, Trenary 6, Jean Stevens 4, Joyce Stevens 3 points with 2 steals, Lisa LaMotte 2 points and 2 steals, and Joan Stevens 2 points with 2 steals.

The J.V. team pushed its record to 9-1 with wins over Charlevoix and St. Ignace. The junior varsity beat St. Ignace 49-15 with Kris Laudenslager scoring 10 points, Erin Jones 6, Vickie Kea 6, Karen Reynolds 4, and Michelle Barber leading the defense.

JUMP BALL—Vickie Kea jumps high off the floor for a jump ball while Stacey Wolcott (30), Karen Reynolds (20), and Kris Laudenslager (right) of the Vikings J.V. girls basketball team wait for the outcome.

Editor,
Crawford Co. Avalanche,

Dear Sir;
In response to the article in the Avalanche on October 15, 1981, not all of the Crawford AuSable School employees received a 5% raise this year. We think the whole staff has more responsibility and increased bills, and we certainly don't want to underwrite our children either. Can you defend a NO raise

for the non-teaching staff this year? Our bills didn't stay the same as last year, DID YOURS???

Law Enforcement personnel from agencies throughout the state are completing five days of intensive training at Kirtland Community College in Accident Investigation. The seminar began on September 24th, and runs through October 22nd, 1981. It is being held in cooperation with the Michigan State University Highway Traffic Safety Division.

Members from the following agencies attended: Mt. Pleasant, Kalkaska, Rose City, AuSable, Petoskey, and Cadillac police depts.; Osceola, Missaukee, Roscommon, Cheboygan, Kalkaska, Oscoda, Wexford, Crawford, Otsego, and Grand Traverse sheriff depts.; the Lyon Township police dept.; and the Houghton Lake Michigan State police post.

The Traffic Accident Investigation course is designed to aid the general patrol officer in handling and processing accident investigations. Topics for the course included: measuring and recording; roadway evaluation; vehicle evaluation; and speed determination.

IN MEMORY

In loving memory of our dear husband and father, Norman Johnston who passed away October 28, 1964.

More and more each day we miss him, Friends may think the wound is healed; but they little know the sorrow that lies within our hearts concealed.

Completes Air Force Training

Airman Arlene C. Monks, daughter of Mr. and Mrs. William C. Monks of Grayling, has been assigned to Sheppard Air Force Base, Texas, after completing Air Force basic training.

During the six weeks at Lackland Air Force Base, Texas, the airman studied the Air Force mission, organization and customs and received special training in human relations.

In addition, airmen who complete basic training earn credits toward an associate degree in applied science through the Community College of the Air Force.

The airman will now receive specialized instruction in the aircraft maintenance field.

She is a 1981 graduate of Grayling High School.

Seminar at Kirtland Oct. 27

James Deamud and Ronald Meiring, Prudenville attorneys, will be the speakers at a seminar on Wills, Trusts and Planning Your Estate at Kirtland Community College on October 27, 1981. The seminar will be held from 7 to 9:30 p.m. in the College's Auditorium, and there will be no admission charged. It is being sponsored by the Kirtland Community Foundation Board, a tax exempt non-profit corporation established for the purposes of soliciting funds to augment and extend the financial base of the college.

Deamud graduated from Wayne State University Law School in 1973, and was with Ford Motor Company until 1976. He came to Houghton Lake in 1976, and is currently Assistant Prosecuting Attorney for Roscommon County, the Roscommon County Public Administrator, and has a private practice dealing in domestic relations, real estate, and the drafting and probating of wills and trusts.

Meiring graduated from Wayne State University Law School in 1974, and practiced as a trial attorney until 1976, when he, too, came to Houghton Lake. He is now engaged in private practice dealing primarily with criminal defense, real estate, and the drafting and probating of wills and trusts.

Topics for this one evening seminar at Kirtland will include: what happens when a person dies and does not leave a will; what a will is; what should be included in a will; avoiding probate; minimizing estate taxes; the effect of the Reagan inheritance tax plan; what a trust is and does; and who should have a trust. A question and answer period will follow the presentation.

and only at 56 day intervals.

Up to that time the only method of transfusion was to have the giver and the receiver in adjoining beds and connected by a tube-pump device to an arm of each, and one pint at a time.

Further, blood types had to be exactly matched. Obviously in critical or accidental surgery where much bleeding was to be expected it was impractical to have six or eight donors lined up outside an operating room on wheeled stretchers, ready to be rushed into a sterile surgical atmosphere for transfusions.

By the early 1930s enough progress had been made to assure eventual success and by the late 1930s American Blood Service programs were being put into effect. When World War II began to spread its horror over Europe the life saving blood program was ready for its first real test! It was an outstanding success!

Today, American Red Cross is the largest supplier of blood to the American People through some 57 self-supporting Regional Blood Centers strategically located throughout the U.S.

Roughly, 2 of every 3 units of blood utilized in this Country is American Red Cross Blood, donated freely by individuals and given freely to those who need it, except for a charge jointly received by the Red Cross Regional Blood Center and the Hospital serving the patient to recover the costs of collecting the blood, processing it, storing it and redistributing it to the medical institutions as needed.

There is no charge for the blood itself, it is FREE as it was FREELY given by a Volunteer Donor!

The charge per unit for Red Cross Blood varies from Center to Center as the costs of providing and maintaining the facilities and equipment, as well as the cost of collecting, processing, storing and redistributing varies between Regions for many economical reasons.

The underlying principle, dedicatedly followed by all American Red Cross Blood Centers, is that they are "non-profit" operations. Although each Regional Blood Center is sponsored financially by its local Red Cross Chapter, not one penny of blood revenue is diverted to any other Red Cross Service.

Whenever a Center's costs exceed its revenue the local situation is reviewed and if there is no other resolution available, increases in charges are authorized to return the Center to a break-even basis. Conversely, whenever a Center's costs can be reduced and revenues exceed costs, the unit charge for collecting, processing, storing and redistributing is reduced appropriately.

Very strict audit procedures and policies are enforced rigidly at every Blood Center to insure that this policy is totally adhered to.

Whole Blood - the form in which it is collected from Donors at Red Cross Blood Banks - last 35 days. Elaborate procedures are

followed to insure such whole blood is utilized before it is outdated.

For example, modest sized Hospitals like Mercy here in Grayling are regularly serviced by the Blood Center on the same day of each week, although in emergency, individual shipments are made at any time of day or night from Flint or Petoskey Centers if the emergency warrants.

When the weekly truck arrives at the local hospital if there is any blood that will not certainly be used before the next visit or the out date, it is returned to the Center which then delivers such blood on a daily basis to its large hospital consumers.

A typical Blood Center will average less than 2% of its blood supply being outdated, but, even if it does become outdated the blood is still used 100% for conversion to one of the 8 or 9 derivatives: Plasma, platelets, gamma globulin, serum albumin, fibrinogen, etc., which are made available for specialized disease treatment.

At a routine Blood Bank like ours at the American Legion Hall in Grayling, 100 pints of blood will be collected during a standard 6 hour period, from noon until 6 p.m., but it is a long and busy day for the Volunteer Workers as well as the paid Staff Nurses.

First the Blood Bank truck arrives at the Legion at 11 a.m. to allow them one hour for setting up their equipment and materials so as to be ready to begin drawing blood promptly at 12 Noon. It also takes one hour as the close of the bank to clean and repack the equipment by the Nurses before it is relocated on the Blood Bank truck. This makes an 8 hour actual work day for the Nurses and Technicians from Flint, but as the Driver left at 7 a.m. and won't get back until 11 p.m., he has a 16 hour day; the Nurses leaving Flint at 8 a.m. and returning by 10 p.m. will have a 14 hour day. If the Nurses come from Petoskey their day is only 13 hours because of the shorter driving distance.

At 11 a.m. the other local Volunteers begin to arrive at the Legion Hall. They normally consist of 3 Registrars, 3 Bottle Table Workers (the "bottles" are plastic bags holding the drawn blood and which must be labelled with pre-numbered identification tags, exactly, precisely and totally without error!), 3 Refreshment Table Volunteers to make the coffee and prepare the juice, place the cookies on the table, keep the tables clean

of used cups, etc., at least 2 Volunteer Walkers to escort the approved Donors to the drawing tables and to "walk" them to the refreshment table afterwards, and two local Volunteer RNs or LPNs come in a few minutes before starting time to take Donor temperatures, blood pressures, and part of their history.

At the close of the Bank, two local Volunteers knock down the drawing tables and other equipment, and when the Nurses are finished packing their equipment, carry the beds and boxes out to the Blood Bank truck and help the Driver reload everything in its exact space. It is a little like reloading a circus truck to be ready for the next days performance.

The last thing on the truck are the special "Blood Boxes" loaded with the approximately 100 pints of blood collected that day at the Bank.

Immediately the truck is loaded the Driver starts it rolling to Flint or Petoskey for as soon as the truck arrives at the Center the blood boxes are taken off and the blood is started in processing. No time is wasted.

Frequently it may be necessary to have a special Volunteer Driver from Flint or Petoskey pick up 30 or 40 units at 3 p.m. or so for an emergency operation scheduled for late that night or early the next morning.

If each local Red Cross Volunteer worked a full shift, 128 hours, an average of 8 hours each. Usually, however, about 22 Volunteers work a bank, 10 working full shifts and 12 working half shifts, all of course, unpaid Volunteers.

This process is repeated hundreds of times every day of every week, Monday through Friday, except for Holidays, all over the U.S. and results in almost 6,000,000 pints of blood being given by 4,000,000 Donors annually to save the lives of their unknown fellow Americans.

A Blood Donor is a wonderful person! To give a pint of ones own blood to help save the life of another unknown human being is the ultimate act of generosity, and Crawford County is blessed with more than the average supply of such great Humanitarians.

In the 12 month period ending June 30, 1981, 482 individual Donors came 724 times - that's an average of 1 1/2 times per Donor - to give a pint of their blood, and

because they did, every individual Citizen of Crawford County is entitled to all the Red Cross Blood he or she needs (free except for the handling charge), and without the need for replacement, no matter where they may be in the U.S. when the blood is required.

Each of you who reads this should realize the debt you owe the wonderful Blood Donors of this community!

Some of the newest blood technology is amazing. One of the most difficult blood problems is being able to supply comparatively large amounts of rare type blood as required in open heart surgery for example. Starting just a couple of years ago, the Blood Centers became capable of freezing rare types, and when unfrozen the blood is just as good as when it was first drawn. This new technique is proven effective for over 10 years of freezing at the present state of the art. The process is costly, however, over an additional \$60 per pint, but it is resolving the rare blood type shortage generally.

The usage of human blood in surgery today is so common that one hardly gives it a second thought, but 50 years ago, this routine life saving technique was virtually unavailable.

There must be millions of people alive in this country today who would not be if it were not for Red Cross Blood Service.

Don't you think that fact alone justifies your financial support of American Red Cross?

Would you want to face a surgical operation tomorrow if life saving blood was not available as it is now?

So why don't you dig out that letter you probably received from Crawford County Chapter/American Red Cross, find the self addressed return envelope enclosed with it, and write a check and put it in the mail today.

If you didn't get a letter, just address an envelope to American Red Cross, RR 2, Box 2515, Grayling 49738, and put your check in it and mail it today.

If a dollar is all you can afford, send the dollar, it will make you a member of American Red Cross and you will become a Good Neighbor!

Please, help keep Red Cross ready for its new Century of Service.

Thank you.

Survey Says Public Does Not Want Further Education Cuts

Warren M. Hoyt, Executive Director, MPA

According to results of a survey commissioned by the Michigan Education Association, 60 percent of Michigan's adults would not favor a tax cut funding for education.

In releasing the survey results, Keith Geiger, president of MEA, said the survey "indicates very clearly" that should the Legislature enact any tax cut, the people do not want the requisite spending cuts to come from education.

After a voter defeat in June of a property tax shift, the governor and legislative leaders feel property tax reform is still being demanded by the people. Such a tax reform would be completed through legislative action during the current fall session, which would require many budget cuts, both on a state and local level, to absorb the loss in revenues.

Special interest groups, such as the MEA, are trying to make an early case that the cuts should come in other areas and not in theirs.

Geiger said the survey was commissioned to get a sense of how Michigan residents felt about taxes and education.

The results showed that people generally did not think they were getting good value for their tax money, with only 16 percent saying they received excellent or good value from their federal taxes, 18 percent from state taxes, 29 percent for local city or township taxes and 30 percent for education taxes.

But, the survey showed that 50 percent of the respondents felt the quality of education in their local area was good or excellent.

About 47 percent feel current overall education spending is about right with 19 percent thinking it was too large and 21 percent thinking it was too small.

In specific areas, 31 percent felt

not enough money was spent for either gifted or handicapped students and 28 percent felt not enough was spent on extracurricular activities and individual pupil needs.

On budget cuts, 26 percent said there should be no cuts in state spending on education.

That figure was more than twice as high as felt there should be no cuts for the elderly or social security or police protection.

Only about 3 percent of the respondents said there should be cuts in education, while 20 percent said there should be cuts in welfare and 6 percent said cuts in aid to families with dependent children.

When asked if they would likely support a tax cut if it meant less spending for education, 60 percent said no.

The same question asked about other programs resulted in 52 percent not wanting a cut if it would mean less money for mental health, 47 percent for Medicaid, 42 percent on public health, 34 percent on prisons, 20 percent on ADC and 15 percent on welfare.

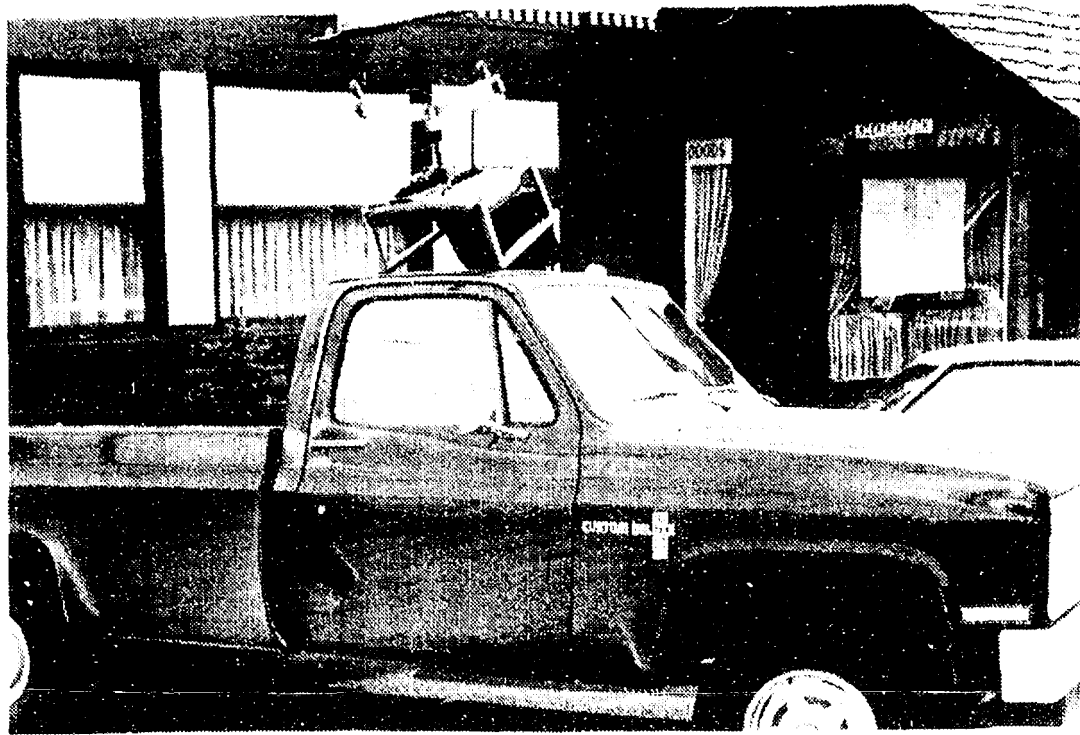

In another section, those surveyed said most (57 percent) of school financing should come from the state, with 35 percent coming from local taxes.

Geiger said he would be unsurprised if other special interest groups conduct similar studies in an effort to protect spending for their interests.

He concluded that the study did not necessarily demonstrate that the public either did or did not want a tax cut. However, he noted, on inference that could be drawn from the question on percentage of money spent on education was that the public wanted more to come from the state instead from property taxes.

PSAT/NMSQT Test at Grayling High

Bill Klinger, director of guidance at Grayling High School has announced that the Preliminary Scholastic Aptitude Test/National Merit Scholarship Qualifying Test (PSAT/NMSQT) will be given to college bound juniors on Tuesday, October 27, at Grayling High School. The PSAT/NMSQT is a multiple choice test measuring certain developed verbal and mathematical abilities that have been shown to be related to success in college work.

The 1981 fee is \$4.25 per student and the students should sign up in the Counseling Office. All juniors who are interested in college should take the PSAT/NMSQT test. The results from this test can enter you into scholarship competition, compare your scores with other juniors and prepare you for the SAT or ACT test next spring.

If you need more information about the PSAT/NMSQT you can call Bill Klinger in the Counseling Office at Grayling High School. The phone number is 348-7641 extension 40.

Senior Citizens Homemaker Service

Homemaker Services purpose is to help older adults who have acute or chronic functional disabilities which inhibit activities of daily living. In-home services could include home delivered meals, home repair, counseling, legal service, shopping assistance, substance abuse services and others.

The Homemaker Service is defined as assistance in performing routine household activities to maintain an adequate living environment for the individual. Homemaking tasks might include light housekeeping, meal preparation and laundry services, grocery shopping and occasional transportation to medical appointments. However the transportation services should be kept at a minimum. If you are able to use Dial-A-Ride please do so, as it is much less expensive.

Goals of Homemaker Services are to provide an alternative to institutional care (Nursing home or Foster Care); to allow for shorter hospital stays or to remain at home in the event of illness or accident; to reduce isolation; to encourage family care whenever possible; and to provide a link with other community services to better enable the client to maintain independence. But the time has come, due to the drastic State or Federal cuts and the great need of services, that unless we have your donations the program will not be able to continue to serve everyone. We have a Government suggested "Fee Scale" for you to gauge your contributions.

To qualify for Homemaker Services you must be handicapped, 60 years of age or older and a Crawford County resident.

If you or you know of anyone who needs our Homemaker Services please call the Senior Citizen Center (348-9314) for more information. Better yet come in and see us. You are welcome anytime. We are located at 3081 Lawndale.

Historical Marker for Crawford County

Last Monday, Oct. 19, 1981 a beautiful historical marker was placed at the site of the area where David Shoppenagon once lived on the banks of the AuSable River.

It is the grand finale of a project started a couple years ago by Steve Southard and assisted by Elmer L. Fenton.

The following people and organizations are credited with the funding of this endeavor: Mr. and Mrs. LeRoy Akers, Mildred V. Blaine, Crawford County Historical Society, Grayling Insurance Agency (Mr. and Mrs. Dick Rasmussen), Elaine Harland, Betty J. Milliken, Ingeborg Raae, Rays Canoe Livery (Southards) and Sorenson Agency and Associates (William O. Sorenson).

Many thanks to all of you. A special thanks to Steve Southard for all the time and effort he has put into this project.

THE WHITE HOUSE
WASHINGTON

July 28, 1981

It is with special pride that I issue this message designating October as "Country Music Month."

Country music represents the story of our nation. It is the oral history of America in song, describing the way we think and feel, our personal joys and sorrows. It tells of our way of life and of the men and women who built this nation and made it the greatest land on earth. "Country Music Month" brings deserved attention to a form of artistic expression that is uniquely American and a fine contribution to our culture. All Americans join me in applauding the gifted artists who provide the continuing entertainment and inspiration of country music for the enjoyment of all our citizens.

To The Citizens of Crawford County,

The Grayling Booster Club officers and board members voted September 2nd. at their regular board meeting to save the athletic program in the Grayling school system.

The Booster Club has been organized for ten years and has done so many things for the youth of our county too numerous to mention in this letter. (They have been pointed out in the Avalanche many times).

We organized to help the youth in their athletic endeavors. Thank God, there is an organization to step forward to save the athletic program at the school.

The youth in the city and county at the present time do not have a thing to do, like a community building, to play ping-pong, shoot pool, shoot baskets, etc., wouldn't that be a great thing to happen for our youth? I am one to believe it can be done.

But for something like this to happen we need the help and support of our community.

We have pledged \$20,000 to the athletic programs for the coming 81-82 season.

We have a number of ideas to raise the money, which you will be reading and hearing about and we would appreciate your support.

You could join our Booster Club for a start, sorry we do not have an office or a place to call, we have over 800 members, that joined just by word of mouth. We do have a post office box, and board members to sign you up, which I will list at the end of this letter.

I will also list some things you might be interested in.

First, I want sincerely to thank the merchants of this town, I just canvassed many of them and their support is tremendous, also the members of the club. They have worked very hard through the years to bring you a July 4th Celebration and best fireworks in the North. \$6,500. is a lot of money to raise to put on the program, besides everything else they do through the year. So many thanks for your generosity throughout the years.

So if anyone would like to join the club or help in any way we would love to have them get aboard.

Listed is the following information about joining the club, the dues, jacket and sweatshirt prices, etc.

Membership.....\$5.00
(includes husband & wife)

Dues per year.....\$3.00
For a business to join..\$10.00
(includes Certificates & frame)

Summer Jacket.....\$15.00
Winter Jacket.....\$20.00
Sweatshirt.....\$9.00

Members have found that membership, jackets, and sweatshirts make nice gifts for birthdays, Christmas, etc.

If you would like to join and can't contact the following people our Post Office Box number is 279.

If you would like to make a personal donation, make checks payable to: Booster Club Athletic Fund, P.O. Box 279, Grayling, MI 49738.

Officers:

President, Larkin Baker; Vice President, George McEvers; Secretary, Eileen Parsons; Treasurer, Jim Kitchen.

Board Members: Ace Worden, George Bielski, Bob Cincilla, Russ Owens, Bud Joyce, Herb Wheeler, Harry Wolfenbarger, Harold Baker, Iris Corr, Charlie Gierke, Jim Brown, Jim Bendig, Bill Duke.

Athletic Fund Committee: Skip Hanson, Tom Trenary, Harry Miller, Mike Branch, Paul Lerg, Irv McIsaac (Chairman).

Many Thanks,
See ya at the game.

Grayling Hands Gaylord Win Through Turnovers, Penalties

By Jon Thompson

Grayling handed Gaylord a 24-0 Homecoming win by committing ten costly mistakes - five turnovers and five penalties that stopped Viking drives.

The Vikings threw four interceptions, lost one fumble, and five times within the Gaylord 35 yard-line committed a penalty that killed a scoring threat. The offensive mistakes killed Viking scoring chances and kept the green and white defense on the field all night.

Head coach Bill Klinger said Gaylord ran 66 offensive plays to only 38 for Grayling. "Nobody is going to win with their defensive team on the field two-thirds of the game," he said.

The Vikings picked up 127 yards on the ground and 45 in the air. Gaylord rushed for 236 yards and gained 46 with the pass. Jim Hill was the leading Viking rusher with 32 yards in 5 carries. Terry

Norman, the senior quarterback, gained 30 yards in 4 tries and completed three passes to his brother Jerry, senior wide receiver, for 45 yards. Ted Methner picked up 28 yards in 5 tries and Brian Yoder gained 21 yards in 4 attempts.

Brad Trenary again led Viking defensive players with 12 tackles and 8 assists. Bob Hueffer, Joel Money, and Shawn Lindsay also played good defensive games despite being on the field two-thirds of the game.

The Vikings take on the Charlevoix Rayders in Grayling this Friday during Homecoming Week. Klinger said the Vikings will spend the entire week working on cutting offensive mistakes in hopes of coming up with a victory at their Homecoming game.

The junior varsity team fared well against the Gaylord Blue Devils, winning 16-6 to raise their record to 6-0.

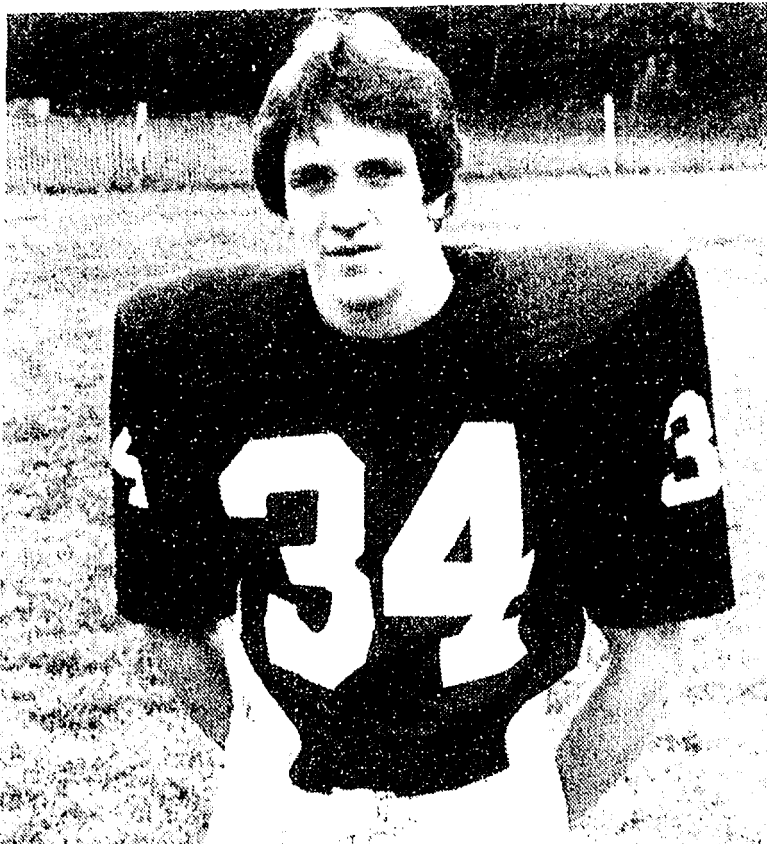

Grayling scored first on a 2-yard run by John Nicholas behind the blocking of Tom Brooks and Wayne Schoonover. Barsie Cross scored the extra points for Grayling following the blocking of Rene Trudgeon.

Gaylord came back in the second half to score on a 22-yard pass but Doug Ray, Ken Lademan, and Greg Helsel combined to stop their extra point attempt. In the fourth quarter, the Viking's offense took control with

Cross, Nicholas, and Mike Hickey picking up rushing yardage behind the blocking of Helsel, Kevin Wakeley, and Paul Hamlin.

With 2:30 left in the game, Viking quarterback Jim Stewart scored the clinching touchdown on a keeper going 12 yards. Nicholas added the extra point running wide left on a pitch out. Coaches Fred Wolcott and Charles Spencer credited freshman linebackers Stacey Kent and Rodney Patterson and freshman half-backs Jeff Branch and Kevin McDonough for shutting down the Gaylord offense most of the night.

The J.V.'s take on Charlevoix this Thursday at Charlevoix.

LEADING VIKING TACKLER—Senior Brad Trenary is the leading Viking tackler this season and he picked up 12 tackles and 8 assists last week against Gaylord.

KINDRED '81-82, an international team formed and sponsored by Lutheran Youth Encounter, will present a concert on Thursday, Oct. 22, 1981 at 7:00 p.m., at Mt. Hope Lutheran Church, 905 Old U.S. 27 North, in Grayling. (Located at junction of 93 & Old 27).

They will share their mission message through the use of word, music, puppet cameos & drama sketches. Members of the team are Bill Grother of Sedalia, Missouri; Bill Kucenski from Aurora, Illinois; Michael Peterson of New Richland, Washington; Michele Pumfrey from Ashton, Illinois; Debra Svensk from Minneapolis, Minnesota, and Helen Tollefson of Poulsbo, Washington.

The team, at the invitation of church and mission groups in Bolivia, Ecuador, and Peru, will spend six months sharing their faith in Jesus Christ with the people of these countries. Part of the cost of this venture is being met through monies raised by individual team members. Additional support will come from free-will offerings received during programs given at churches and other events in the

U.S.A. During the seven months prior to departure in March 1982, KINDRED will visit over 100 congregations who become partners in this ministry. Upon their return in late August of 1982, the team will re-visit these supporting congregations to share of their experiences.

International teams are part of a variety of event and team ministry programs sponsored by Lutheran Youth Encounter, an evangelical Lutheran movement that offers relational youth-ministry resources to the church.

Christmas Art Show

at Roscommon

The Roscommon Chamber Music Society-Arts Council announces the first annual Hollymart, a one-day arts and crafts sale designed to enhance your Christmas gift buying. Hollymart will be held Saturday, December 5, 1981 from 10 a.m. to 5 p.m. in the Roscommon Middle School Gymnasium in Roscommon.

Needed are artists/crafts persons interested in exhibiting at Hollymart. Most arts and crafts are suitable for entry, but will be judged for acceptance. Entrants are required to submit slides of their work with their entry form and \$15.00 entry fee to the council by October 31st. Selection of exhibitors will be made by a panel of four on the basis of quality, craftsmanship, originality and price range.

Prizes will be awarded to three exhibitors following judging taking place the morning of the Hollymart. First, second, and third prize will be \$50.00, \$30.00, and \$20.00 respectively.

Persons desiring entry forms should write to RCMS-Arts Council, P.O. Box 88, Roscommon, Mich. 48653 or call Julie Byron at 517-821-5890 after 4:00 p.m.

This is your opportunity to save time and gas money by shopping in Roscommon, and to enjoy a unique shopping experience.

Buy someone you care for a Christmas gift at Hollymart on December 5th.

City Council Proceedings

Regular meeting of the City Council held October 12, 1981.
The meeting was called to order by Mayor Thompson at 7:30 p.m.

Members Present: Thompson, Failing, Latuszek, Sabin.
Members Absent: Gohnick.
Also in Attendance: Jerry W. Morford, City Manager, Allen V. Schreiner, City Treasurer, Nelson A. Miles, City Attorney, Eric Peterson, Bernard Fowler, Don Geiss, George McClellan, Betty McClellan, Yvonne Steffes, Jason Rasmussen, Scott Cross, Ray Priebe, Larry Akers, Jackie Dingle, Beverly Ohsowski, Jody Yoder, George Baldwin, John Watkins, Mandi Stillwagon, Jody LaChappelle, Lori Priestap.

Motion by Failing, supported by Latuszek that the minutes of the meeting of September 28, 1981 be approved as presented. Ayes: 4, Nays: 0, Absent: 1, motion carried.

There were no citizens who wished to speak.

Communications were received and noted.

From Grayling Regional Chamber of Commerce re: Newsletter.

From M.M.L. re: Legislative Bulletins.

Resolution honoring George McClellan for 10 years of service.

Motion by Sabin, supported by Failing that,
WHEREAS, on October 11, 1981, George H. McClellan did complete ten (10) years of consecutive service for the City of Grayling, and

WHEREAS, during this period he has been employed primarily as Custodian of the City Office Building, and

WHEREAS, he has worked diligently to maintain the building in a clean and orderly condition, and constantly searches for ways to improve the quality of the City Hall.

NOW THEREFORE, BE IT RESOLVED, by the City Council of the City of Grayling, Michigan that they express their appreciation to George H. McClellan for ten (10) years of service to the citizens of the City of Grayling.

Ayes: 4, Nays: 0, Absent: 1, motion carried.

Mr. McClellan was presented with a framed certificate of appreciation by Mayor Thompson and City Manager Jerry W. Morford.

Old Business

Mr. Eric Peterson of Hill, Woodcock and Distel appeared to formally present the 1980-81 Audit Report and answer any questions which Council might have. Mr. Peterson detailed the construction and content of the statements for Council. He also presented an Audit letter noting that the City records were in excellent shape and that the city staff were very helpful during the Audit.

The request by the Grayling Cable Co. for an increase in rates was discussed as follows:

add the following from the satellite:

WTBS - Atlanta - 24 hour Independent

WGN - Chicago - 24 hour Independent

ESPN - Sports Network - 24 hour Independent

Pay TV

In order to help finance this expansion, a rate adjustment will be required for the next three years as follows:

1st year, beginning January 1, 1982, apx. 10%

2nd year, beginning January 1, 1983, apx. 6%

3rd year, beginning January 1, 1984, apx. 6%

Several questions were asked of Mr. George Baldwin, the Company President. He stated that he has no intention of dropping Channel 50.

Motion by Thompson, supported by Latuszek that the new rate schedule be approved effective January 1, 1982. Ayes: 4, Nays: 0, Absent: 1, motion carried.

The City Manager reported on progress of the Hanson Hills program. He noted that at a previous meeting a request had been received for help in meeting the gas bill but due to commitments by other organizations for partial funding and recommended that Council defer action at this meeting and consider the matter at the next meeting.

Mr. Morford reported on the 1981 street program and presented an invoice for engineering services from R.S. Scott and Associates in the amount of \$6,870.25 and recommended payment.

Motion by Failing, supported by Latuszek that the invoice from R.S. Scott and Associates be approved. Ayes: 4, Nays: 0, Absent: 1, motion carried.

Status of the School Crossing Guard was detailed by Mr. Morford. The job has been advertised in the local newspaper. Council indicated that they authorize the City Manager to hire someone for the position based on interviews of the applicants. (Note: City Budget will be revised to allocate cost at a later date.)

The City Manager reported that an advertisement has been placed for some surplus city equipment. He noted that he had added the 1978 Ford to the list approved by Council. In addition he has received a request to purchase our Tar Kettle from the City of Cheboygan. He proposed that he be allowed to rent the equipment to Cheboygan with the rental to come off the sale price if they decide to buy it.

Motion by Sabin, supported by Latuszek that an ad be put in the newspaper that the Tar Kettle has been removed from the list and that the City Manager be authorized to negotiate its sale to the City of Cheboygan. Ayes: 4, Nays: 0, Absent: 1, motion carried.

New Business

Mr. Morford noted that three persons have filed petitions for the 1981 City Election to be held on November 3, 1981. The Candidates are:

1. Doris A. Harland
2. Wm. Dennis Sloan
3. Gordon (Sandy) Thompson

A request for City Membership in NEMCOG has been received by the City Office. The City Manager recommended the City not join the organization. Council agreed.

Discussion of possible Fire Protection Service by the Grayling-Grayling Township Fire Department for Weyerhaeuser Corp. took place. They have made a request of the Fire Department for this service. Because of the geographic location of the plant it was felt that action should take place acting thru the Beaver Creek Township Board. No decision was made at the meeting which was held but Mr. Morford and Mr. Fowler are attempting to determine an equitable charge. They both are of the opinion that our Fire Department could handle the responsibility.

There were no reports of Councilmen.

There were no reports from the City Manager.

Adjournment.

Motion by Sabin, supported by Thompson that the meeting be adjourned. Ayes: 4, Nays: 0, Absent: 1, motion carried. The Meeting was adjourned at 9:25 p.m.

Road Commission Minutes

August 28, 1981

A regular meeting of the Crawford County Road Commission was held in their office in Grayling. Chairman Cason presiding. Present were: Chairman Grover Cason, Commissioners Gloria Kraus and Norman F. Parker, Engineer-Manager John M. Keir and Acting-Secretary Joanne Turner.

The minutes of the previous meeting of August 14, 1981 were read. Commissioner Parker made a motion to accept the minutes as read, seconded by Commissioner Kraus. All voted in favor, minutes approved and signed.

Payroll Voucher Number 18 in the amount of \$21,020.41 was presented to the Board for approval. Commissioner Kraus made a motion to accept the voucher for payment, seconded by Chairman Cason. All voted in favor, motion carried, voucher signed.

A permit was received from General Telephone to bury cable on North Higgins Lake Drive. The permit was approved and signed.

Engineer-Manager Keir informed the Board that the insurance replacement appraisal value has risen on the buildings; it was decided to drop coverage of salt stored in the salt storage buildings. They were advised that the replacement grader blades from Michigan Culvert have been delivered. "Bump" signs are to be placed in various areas in Crawford County, and that the roof of the maintenance garage is in need of repair and information will be forthcoming on various sealants.

Bernie Fowler, Grayling Township Supervisor and Vic Morris appeared before the Board in regard to speed control on Michigan Avenue and Peninsula Boulevard and the possibility of stop signs at the intersection of Peninsula and Eagle Streets. The Engineer-Manager was instructed to review. Also discussed was the sign for Redhead Lane and maintenance of Wintergreen Lane.

Colonel Lippert, Captain Ball, Captain Larson and Sgt. Hart from the Michigan National Guard appeared before the Board with a proposal regarding county roads within the military reservation.

Chairman Cason made a motion to have a closed door session, seconded by Commissioner Kraus. All voted in favor, doors closed.

After the doors were opened and there being no further business a meeting was made and supported to adjourn. All voted in favor, meeting adjourned.

Grover Cason, Chairman
Joanne Turner, Acting-Secretary

Weathervane

Even with a weather vane and with the help of the latest report from the weather bureau, it's certainly presumptuous to make predictions about the weather. The forces which govern nature are so complex and changeable that we can never be sure.

The forces which govern our life are even more complicated and variable.

How can we know what the next day may bring — happiness . . . sorrow . . . good luck . . . love . . . fear? No one knows — until the time comes.

Despite uncertainty, we must prepare for whatever we may have to face. We must learn to take in good stride the uncertainties that life will bring. In other words, we must have FAITH.

Where do we get this faith? We can't buy it, nor can we have it simply for the wanting. We have to earn it — by study, by perseverance, by understanding. Your church stands ready and anxious to help you. Here toward the House of God we must turn for those truths which will lend stability to lives that are as uncertain as the changing wind.

Monday night was a big night for the 4-H members and their families as year pins and awards earned this past year was handed out. A great potluck dinner was enjoyed by all. Everyone enjoyed Frank T. Berry and the entertainment from our own clubs was wonderful. Thanks to everyone who helped make the Second Annual 4-H Awards Banquet a great success!

A big congratulations to Kathy Mobarak for being named Leader of the Year. Kathy is our Small Animals Club Leader.

The "I Dare You" Award for qualities of leadership was presented to Chelle Warners from the William H. Danforth Foundation by last years recipient Deanna Hubbard. Nice going gals!

The Leader Dog Club's new puppy raisers were honored at the Lions Club last week. Mrs. Don Hale, wife of the late President of the Lions Club who promoted the 4-H members with their puppies presented Carey Swift with a plaque of appreciation for her work raising Luke a Golden Retriever. Mrs. Nancy Hatfield, the club leader accepted the plaque for Ginger McEvers who is raising a chocolate Lab. named Cola. She was unable to attend and will receive her plaque at the next meeting. Congratulations girls!

A new litter of puppies will be coming in December if you would like to raise one. Steve Cowie received a Golden Retriever a few weeks ago and named him Nugget. Good luck 4-H'ers.

The Needles and Hooks Club is stitching up a storm with their needles. Counted cross stitch projects are being learned. Thanks to the Ice House for their help in getting the materials for the projects. Field trips to the Ice House and the Irishman's Shanty are in the planning to see the many projects that can be made for Christmas. They meet after school on Mondays if you would like to join them.

The Kitchen Magicians baked and decorated the

cupcakes for the Awards Banquet. They sure topped off the meal nicely. Nice going girls. The Personal Appearance Club members sure did a grand job with their Mini Fashion Show of clothes from the county merchants. The Young Performing Arts group are well on their way from the sounds of things Monday evening. Their songs were great. Thanks to all of the clubs for their part in the evening activities!

Teens 15 and up who are interested in Forestry Careers such as park management, game department, foresters, jobbers, saw filers and tree plantations contact the Office soon about this program.

The Performing Arts Club for the thirteen and up is starting. The members of this club have a chance to try out for state 4-H touring group.

A new club being started for boys and girls ages 6 to 12 is a Arts and Crafts Club. Many things will be covered from doing castings to the making of Xmas gifts. Contact the Office about more details.

Last weekend the Crawford County 4-H Council was happy to host at the Holiday Inn the North Regional 4-H Leader training Seminar. Many interesting workshops were offered to the leaders and others in attendance. A good time was had by all.

If you would like to join one or more of the many clubs or start a new one just call the 4-H Office at 348-5123 and let Ann know. Look for me next week with more news about the clubs and what's new in 4-H. See you!

Doodles From The Tall Timber

Wendell L. Hoover
 Park Interpreter

Several years ago I was in the process of laying out the route for a foot trail when I had an encounter of a close kind. In fact, when I moved a small tree trunk from the proposed trail, they rose in a virtual cloud to meet me. I am not noted for being a fast

runner, but I was managing to stay ahead of most of that irate crew following in my wake. I suspect that the frantic waving of my arms would have reminded a casual viewer of a windmill with several blades missing from the fan. I lost my hat, collected a scratch on my forehead when I went under a limb somewhere, and also left my axe behind in my eagerness to visit another section of the park. I am not sure how far I traveled, but I was making enough noise to shatter the tranquility of the forest to be sure. I nearly stepped on a snowshoe hare, spooked a doe and a fawn, and had every bird along my flight path in a dither. To top things off, I had been stung a couple of times which was adding injury to insult. I have discovered all sorts of things in the process of doing trail work and a well-concealed yellow jackets' nest is just one possible hazard with which to contend.

Yellow Jackets have the ability to sting more than once, so once they make contact with you, they just keep popping it to you until dislodged in one way or another. They nest in the ground making it difficult to locate the nest which can become large enough to accommodate several thousand very aggressive individuals. The queen begins the nest, having hibernated over the winter. In the beginning the nest is only an inch or two in diameter with a single tier of cells. But as workers are produced, the nest is enlarged, and by summer's end, it may contain several tiers of cells and be a foot in diameter. The egg stage is 5 to 8 days; the larva stage 9 to 12 days, and the pupa stage 10 to 13 days. Workers are produced first, then drones, and then new queens. All but the queens die during the winter and, according to one source, it is the females that sting.

A Call To Think Christmas!

We think of it all
 year long!!!!

Our Record for Christmas 1980 was as follows:

(Families were remembered after eligibility is checked thru all available agencies as to status & need)

1. Complete basket of a full Christmas Dinner
2. All Children received one pair of flannel pajamas
3. All Children received one or more knitted items (mittens, scarves, caps, etc.) all hand made by Volunteers
4. All Children received a toy, or a book, or a family type game
5. All patients in area nursing homes received a toilet article
6. All RSVP people who helped were presented with a basket of fresh fruit.

It takes many concerned hands and hearts to take care of the needs of a whole community. Members of the group donate articles every month, such as yarn, money for purchase of flannel, elastic and other notions needed for sewing of pajamas, and many more.

Also: Members sponsored a "Dress-A-Doll" contest with all dolls donated toward needed gifts. Members sponsored and promoted an "Art Show" in August to raise needed funds.

For donations and other information please contact:

Judy Craft (Mrs. Carl) Gen. Chairperson.....348-8471

Sally Wert (Mrs. Carroll) Asst. Chairperson...348-4971

A SINCERE WORD OF THANKS TO ALL WHO HELPED LAST YEAR:

RSVP MEMBERS who did all of the sewing for pajamas and most of the knitting.

MANY INDIVIDUAL volunteers who spent many hours to knit the needed items.

THE PERSONS who worked on the "Dress-A-Doll" contest and **THE MERCHANTS** who donated window space for display.

THE RIALTO THEATER for donating their complete facility for one show with canned goods for admission. This gathers the canned goods needed for the food required.

MEMBERS OF THE KIWANIS CLUB who, for many years have helped faithfully in delivering the gifts to families.

OTHER CLUBS, CHURCHES AND CHURCH GROUPS AND MANY INDIVIDUALS who gave the needed funds for all those items that need to be purchased [such as fresh meats, etc.].

Thank You!!!
